

THE WILLOW

A courtyard entry leads to an inviting two-story foyer which is accented by a grand open staircase and charming archways that open to the formal dining and living areas.

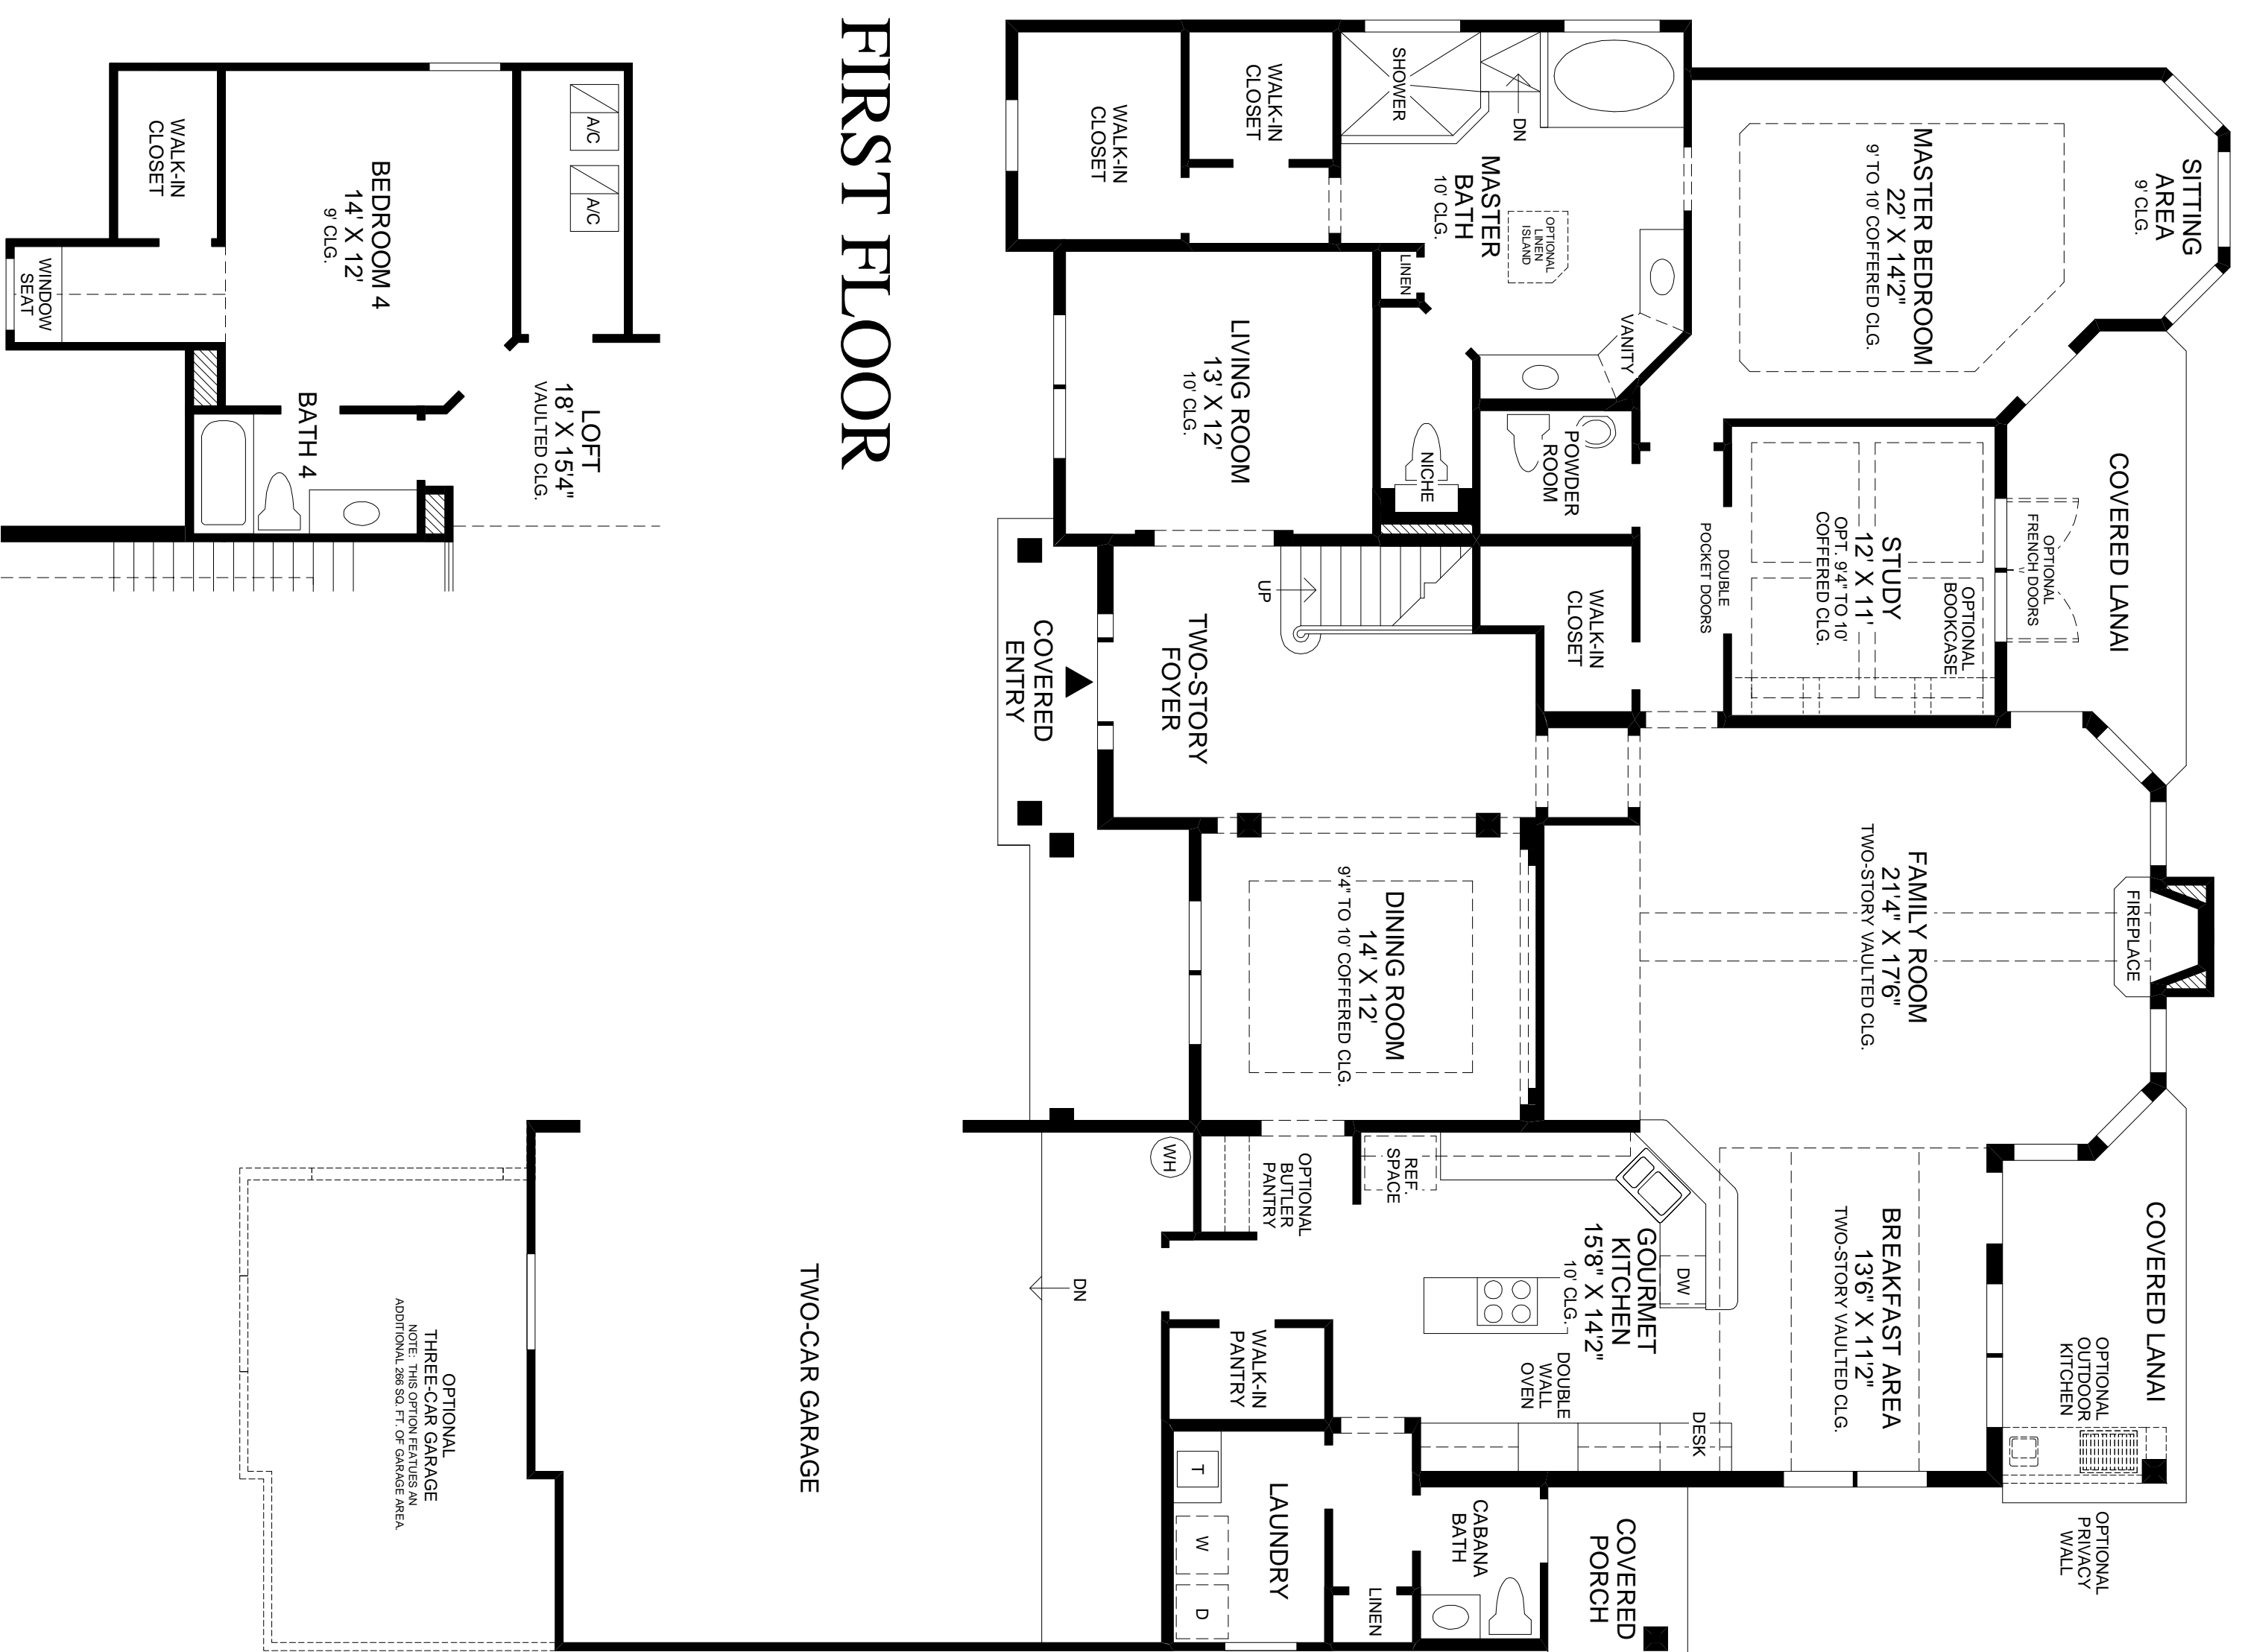

The gourmet kitchen features a center island with cook top, a raised snack bar and convenient access to the formal dining room. Adjacent to the kitchen is an impressive two-story family room and breakfast area that boasts a custom fireplace, soaring vaulted ceilings and access to two covered lanais.

The master bedroom suite includes a sitting area with a bay window, access to the covered lanai and a dramatic coffered ceiling. The master bath resembles a luxurious home spa with an optional linen island, his-and-her vanities, Roman tub, separate shower, private water closet, and two walk-in closets. Located just outside the master suite is a quiet study that can double as an additional bedroom or a sitting room.

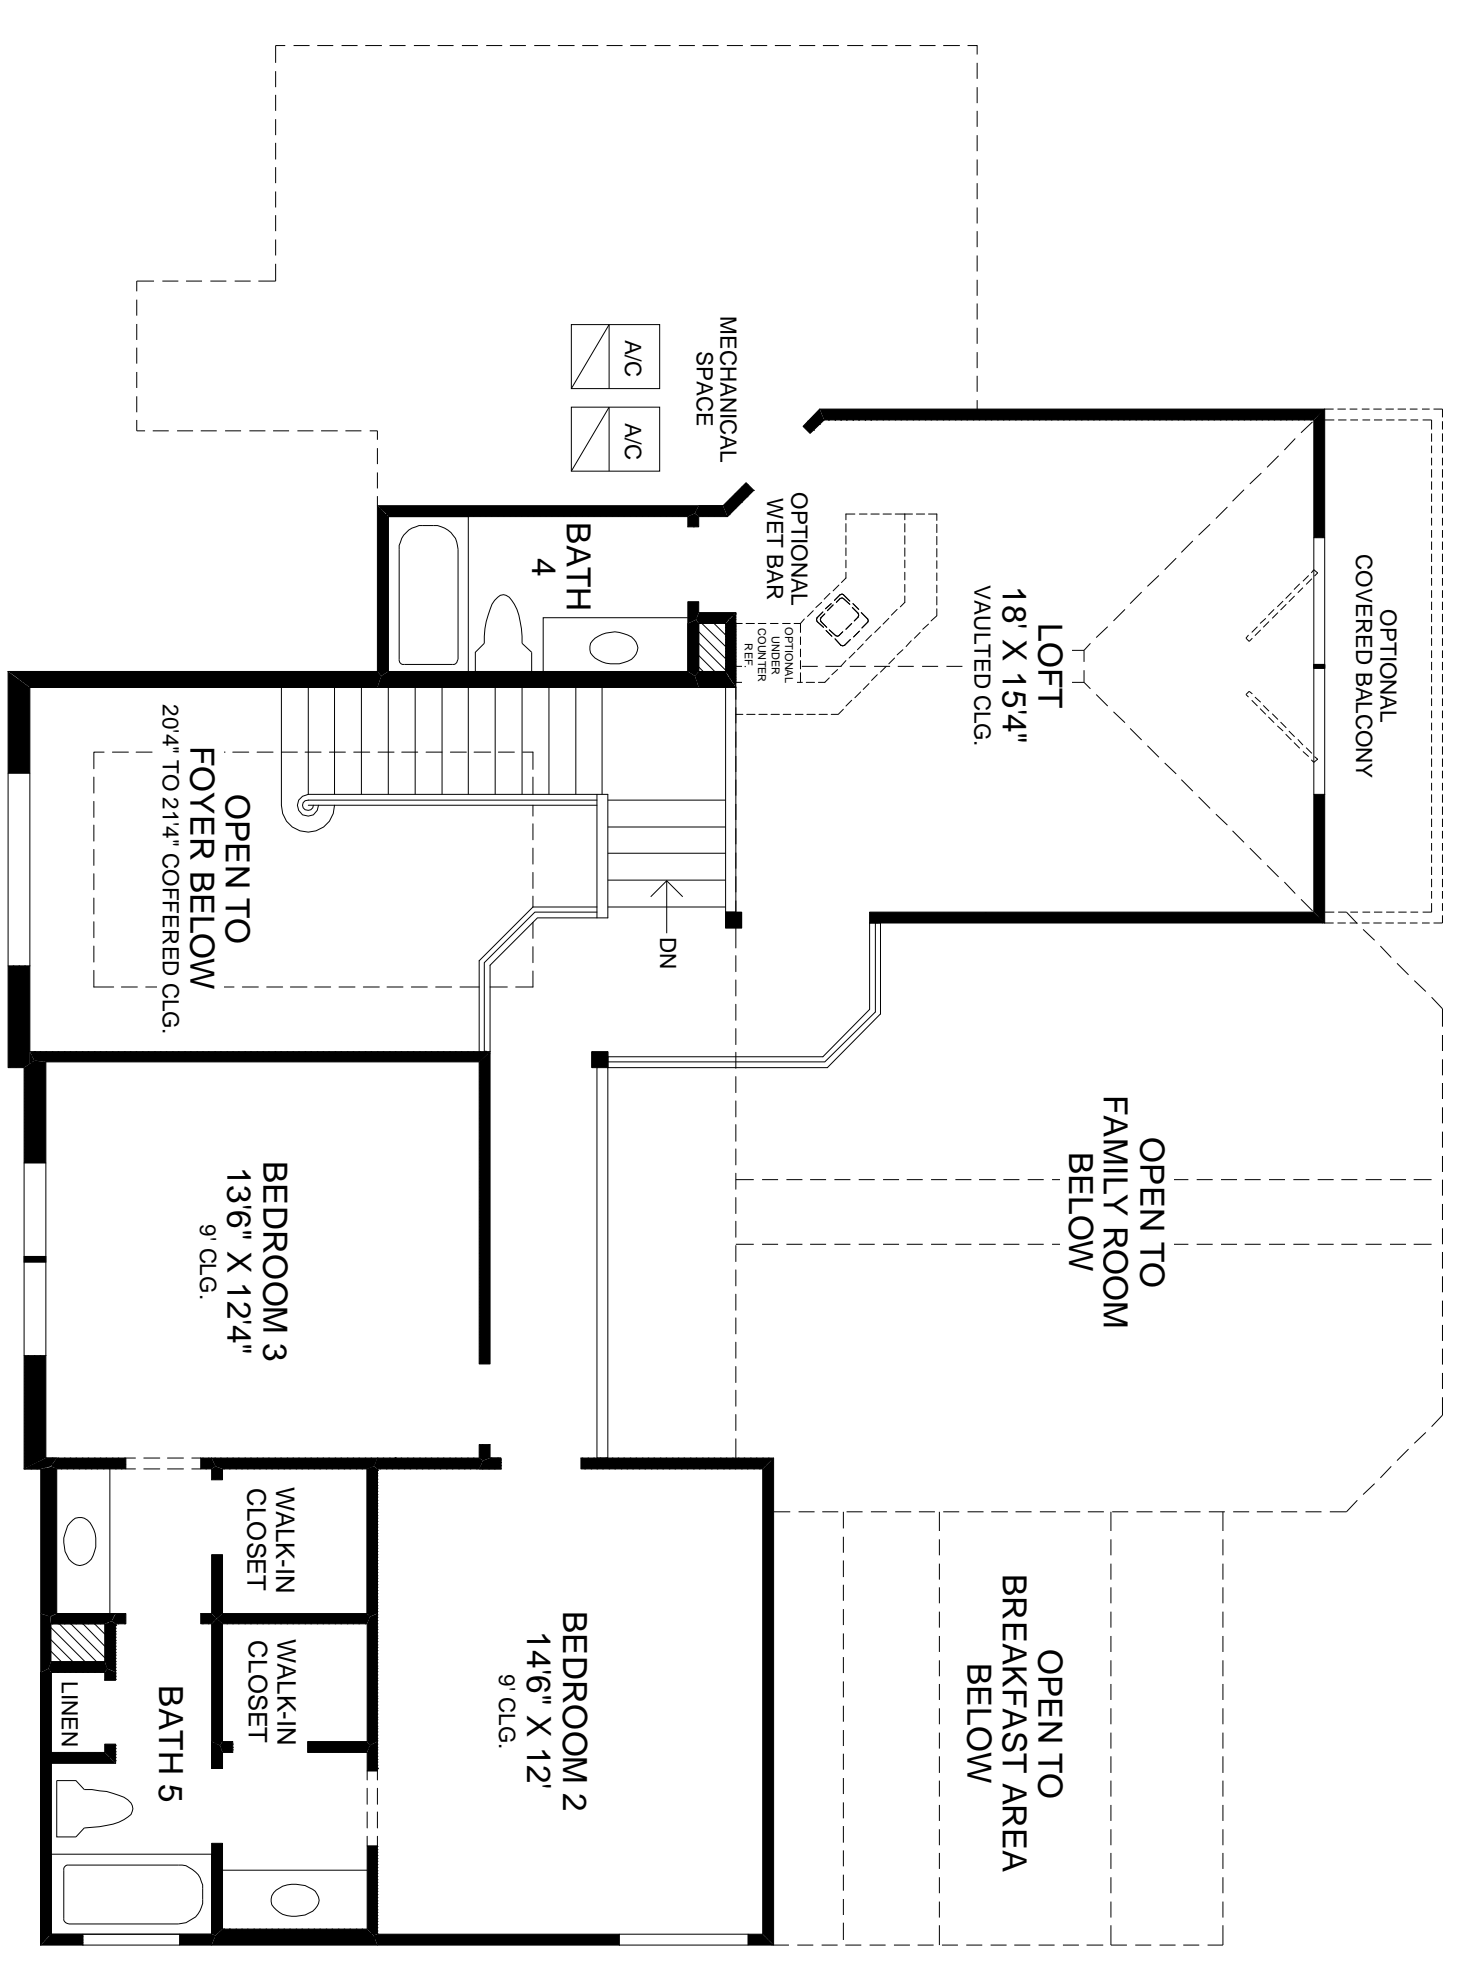

Upstairs, an open bridge offers breathtaking views of the foyer and family areas below and adjoins a versatile loft with its own bath and two additional bedrooms that share a Jack-and-Jill bath. Other highlights of this remarkable home include a conveniently located powder room, cabana bath, separate laundry room, and three-car garage.
